

# **Eissler School Mission Statement**

Our mission is to provide a positive and effective integrated learning environment. This will give students successful experiences that promote high achievement and will create respect and appreciation.

## **Academic Vision**

The Eissler School Mission is to provide a quality program of instruction so that each child participating in the School Based Coordinated Program will have the opportunity to achieve to his or her highest potential particularly in the area of Language Arts. Each grade level sets high standards and expectations in the academic areas, while striving to help students develop high self-esteem.

## **Social Vision**

Students will develop and promote self-respect for others and their rights, and respect for the world in which they live.

## **Technology Vision**

Technological ability will be a skill necessary in the future of our students. Therefore, it is our vision that Eissler students will be actively engaged in learning how to articulate their ideas through the use of technological resources.
