

Roosevelt School Mission Statement

The educational philosophy of Roosevelt School staff is “All children have the right to learn in a positive and safe environment”. Roosevelt staff will continue to analyze, critique, and find solutions to existing problems in learning the learning environment and instruction at Roosevelt School. We will develop and implement these solutions in order to improve the average learning environment and instruction at our school.

Academic Goal

The student will develop the highest possible level of excellence in skills necessary to function as self sufficient and productive individuals in a changing society. Academic achievement will be measured by individual teachers through various assessment tools.

Social Goal

Students will develop and promote self-esteem, and respect for others and the world in which they live. Roosevelt staff will continue to analyze, critique, and find solutions to existing problems that may hinder students’ academic achievement and overall success.
